

Letter of recommendation

I am writing this letter of recommendation for Mansour Lo Lo. I have known Mansour during his time working at the Casamedia organization, and I can wholeheartedly recommend him.

Mansour is an exceptionally diligent and dedicated employee. He delves into his tasks thoroughly and is always ready to take responsibility. Furthermore, Mansour is courteous and respectful in his interactions with colleagues and others. He is also reliable and always arrives at work on time.

Mansour is an excellent team player. He is highly considerate of his colleagues and actively supports them. His ability to work harmoniously in a group is remarkable.

In his work, Mansour was responsible for the UI development of a CRM system utilizing Flutter and Dart technologies. He worked on features such as project management, kanban, and calendar features. He worked on both front-end and back-end. He demonstrated very good technical skills and the ability to apply these technologies in practical projects.

I believe that Mansour would be a valuable addition to any team, and I warmly recommend him for any position where his skills and qualities can be fully utilized.

Sincerely,
